

SPRING MARCH 2016

**NEW DISTRIBUTION CENTER**

Heatstrip USA have opened their new Distribution Centre in Chicago, Illinois. With a central location in the USA on the Great Lakes, we can recommend a less than 3 day delivery time to anywhere in mainland USA and most of Canada.

Our Chief Operations Officer, Luke Mussared says “Keeping a large amount of all items here in stock in a central location has improved our delivery times and Victoria, our wonderful despatch manager, is great at responding to all requests.”

**DIMMER SWITCH**

In the Heating Industry we are constantly innovating and bringing fantastic new products to fulfil the wishes of our customers. After substantial testing and validation, we have released a new Wall Switch. The switch is called a Dimmer Switch and it has the unique function of being able to control the heat output of Heatstrip no-glow heaters. The slide switch can control the power from 50% to 100%. It has an ON/OFF switch and a convenient blue light to tell you when the heater is on.

We have had a great response to this new product so far, and we hope you’ll love it too!

**CHOCOLATE HAZLENUT CHEESECAKE**

If you have a sweet tooth, this dessert will be a huge hit, see this easy recipe for a no-bake cheesecake.

- 1/4 cup Butter (Real)
- 20 sandwich cookies
- 1 small jar of Hazelnut spread
- 16 oz Cream cheese
- 1/2 cup crushed hazelnuts

Place the biscuits in a plastic bag and then with a rolling pin, crush the biscuits until a fine mix. It doesn’t have to be perfect, a few lumps are good.

Mix the melted butter, biscuit mix and 1 tablespoon of Hazelnut spread.

Press the mix into the base of an 8” pie tin, push down with a spoon.

In a bowl, mix the cream cheese and Hazelnut spread. Spoon into the pie tin and smooth flat.

Sprinkle the crushed hazelnuts over the top and refrigerate for 3 hours minimum, then serve.
